mobility

Say goodbye to difficult transfers, waiting forever for taxis, crumpled clothes and lost dignity. And say hello to a new lifestyle - going out at short notice, coffee with friends, shopping, touring or just getting out of the house.

Freewheeler Caddy Life or Freewheeler Kangoo?

The choice is yours. Both models offer user friendly wheelchair passenger transport. Both offer new levels of comfort and safety. Both have automatic transmission and both offer optional power loading. Both have two sliding doors and a long, wide, flat floor, which maximises headroom and allows the wheelchair user to travel close to other passengers

- **The lightest ramp**, electric restraints and power loading option make Freewheelers by far the most wheelchair-friendly cars
- **Developed by carers**, Freewheelers are also extremely carer friendly
- **Same price in all capital cities**. Freewheeler pricing includes a large fleet discount, no dealer delivery fee whatsoever, exemption from Luxury Car Tax and qualification for subsidies (in applicable states), making Freewheeler models even more affordable
- **Flexible seating** with easily removable seats
- **Freewheeler Comprehensive Insurance Package** – another Freewheeler first
- **High resale value & Repurchase Plan** - only on Freewheeler

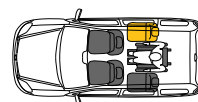

All conversions are not the same – check our website for the many standard Freewheeler features
